### Présentation

I am a Front end developer with industry experience building websites and web applications. I specialise in JavaScript and have professional experience working with VueJS and ReactJS.

### Education

#### Software engineer

From September 2019 to March 2021 **1337** Benguerir, Morocco

The 1337 pedagogical approach is based on peer learning. A participatory operating style allowing students to unleash their creativity through project-based learning.

### Work experience

#### Frontend Developer

Since October 2022 **Poliigon** East Brisbane, Queensland

I worked in collaboration with founders to move poliigon website from Laravel to NuxtJS.

#### Full Stack developer

From October 2021 to August 2022 **Proxify** Stockholm, Sweden

I worked on many projects

- "Klingit" website with NuxtJS, Wordpress (Headless CMS).
- Platform "Kvalitetskontroll" with VueJS, Laravel.

#### Front End Developer

From August 2021 to May 2022 **Axelerant** Boston, United States

I have worked on many projects, landing pages and web applications.

- "Gamers Academy" website with NuxtJS, Storyblok (Headless CMS).
- "Cooby" Google Chrome extension with React.

#### Full Stack developer

From June 2020 to February 2021 **1450 Factory** Marrakesh, Morocco

I worked in collaboration with founders to create several applications.

- Slack Bot that tracks team productivity and mood throughout the week.
- Develop custom plugins for Wordpress and optimize user experience.

#### Front End Developer

From March 2014 to May 2020 **WeAre Solutions** Marrakesh, Morocco

We have worked on many projects from landing pages to web applications.

- Online platform for monitoring Covid-19 cases in Morocco.
- Website of the School of Collective Intelligence UM6P.
